Summary

Experienced web developer with a track record of successful project contributions. Proficient in front-end and back-end tasks, with a focus on creating seamless user experiences. Skilled in API integration for real-time data updates. Eager to bring a collaborative spirit and attention to detail to your team.

Education

Chandigarh Group of Colleges | Mohali, Punjab
Bachelor of technology (AI & ML) | 06/2024

Victor Public School | Panipat, Haryana
Senior Secondry | 03/2020

Skills

JavaScript, React, Node.js, MongoDB, MySQL, REST, Docker, Git, HTML5, CSS3, PHP

Experience

Shaurya Unitech Pvt ltd. | Udaipur, Rajasthan
Web Developer Intern | 10/2023 - 02/2024
As a web developer intern, I completed two projects. The first was **Geeni,** an online education site. I worked on the front end with HTML, CSS, and JavaScript, and handled the API integration. The second project was a bilingual cricket betting website, **ChaiSuttaBetting** built with React and integrated with APIs for real-time data. These experiences honed my skills in full-stack development and API handling.

Personal Project

- **College Mate:**
  - Collaborating on a MERN stack project with a college mate.
  - Features include authentication and browsing for PG accommodations, restaurants, and second-hand products.
  - Currently focused on refining functionality for improved user experience.

- **Finance Tracker:**
  - Developing a finance Tracker integrated with Clerk for streamlined user authentication.
  - Seamless enabling sign-up options through Google and GitHub for enhanced user convenience
  - Currently focused on refining functionality for improved user experience.

- **Note Book:**
  - Creating a robust note-taking application with PHP Laravel, offering comprehensive CRUD functionalities
  - Empowering users to effortlessly create, delete, and update notes within a user-friendly interface.

Certificate

- Developing Back-End Apps with Node.js and Express (IBM).
- Introduction to Backend Development (Meta / Coursera)
- React Basics (Meta / Coursera)

Hobbies

- Playing Chess
- Photography
